****We had a lot of great applicants this year and we wish them all the very best.****

**Spring is here and farm machinery is everywhere.
Please use caution while driving!**

Spring season is when farm machinery and other vehicles use the same two-lane roads. It's also the season when collisions between farm equipment and other vehicles occur more frequently. Vehicle operators should be especially wary of farm equipment that they could encounter at any time. Lower natural light conditions, especially at dusk, are critical times on rural roads. When encountering farm equipment, vehicle operators should be prepared to stop to avoid a rear-end collision. It takes only five seconds to close a gap the length of a football field if you are going 55 mph and a tractor is going 15 mph. During spring planting season and throughout the year, Kentucky Farm Bureau encourages motorists to watch for farm equipment on public highways.

GO VOTE!!

**Waive your right to remain silent. Let your voice be heard.
Primary Elections.....Tuesday, May 17!**

Daviess County Farm Bureau is proud to announce the addition of a new agent with Kentucky Farm Bureau Insurance:

Allison Kimberlin has joined the office of Chris Hoskins on Hwy 1380 in Owensboro. Allison is a native of Owensboro and graduated from Daviess County High School. She attended Owensboro Community College for Criminal Justice. Allison has been in the insurance industry for five years. She is an Ambassador with the Owensboro Chamber of Commerce. Allison is highly active in the community of Daviess County and she looks forward to serving everyone in her area with all their insurance needs. Contact her by her cell at 270-925-4784 or office at 270-684-3227.
