

National Agriculture Day and Kentucky Ag Literacy Week

Kentucky Agriculture Literacy Week was scheduled for the week of March 19-25, 2017. This week is celebrated each year to help students understand how agriculture provides for our most basic needs and enriches our life economically, environmentally and socially. Farm Bureau volunteers were encouraged to visit elementary school classrooms across the state and read an accurate Ag related book and talk to the students about the importance of agriculture in their everyday lives.

The approved Ag Book this year is Mitchell Tolle's new book, "the most wonderful Dream." Mr. Tolle, a nationally acclaimed artist who grew up in Lewis County Kentucky, wrote and illustrated the book for Kentucky Farm Bureau. This beautifully written and illustrated book will be donated to elementary schools around the state. Jackson County Farm Bureau donated two copies to each elementary school in the county.
