### **WHAT CAN YOUR COUNTY DO TO PREPARE FOR THIS LEGISLATIVE SESSION?**

(1) The month of January will be an excellent time to meet with your legislators and discuss priority issues. Then check each week's legislative reports to monitor progress and continue to communicate with your legislator as issues begin to move through the system. Remember, action requests are just that - a request for you to call your senator or representative and ask for their support for our position.

(2) Ask your county Legislative Action Committee to develop a schedule of meetings to plan further action, as the need arises during the session. It is important that you maintain personal contact with your senator and representative as Farm Bureau's priority issues start to move through the legislative process. Several counties have weekly meeting times set up on Saturday mornings with their legislators.

(3) Stay informed.....Know about the issues and Farm Bureau's position. It takes everyone's commitment for Farm Bureau to be successful!
